

Scottsdale High School

Think Positive, Be Positive

OUR VISION

To be motivated, innovative, responsible and successful individuals.

OUR MISSION

To provide learners with opportunities to reach their potential and to provide guidance in finding their passion for lifelong learning, so that they can be active and valued contributors to the community.

WE VALUE

Learning

We value an enthusiastic, innovative and engaged approach to learning and the development and support of the uniqueness of each individual.

Excellence

We pursue excellence through the provision of opportunities to assist each learner to reach their potential.

Respect

We respect every member of our school community, our environment and resources and acknowledge that they are an integral part of our learning and development.

Relationships

We value a safe learning and working environment and the fostering of positive relationships with integrity and with empathy, to develop a supportive school community.

Equity

We value the right of all students to challenging, engaging and meaningful learning opportunities.
